# North Valley Continuation High School School Accountability Report Card Reported Using Data from the 2017-18 School Year

**Published During 2018-19** 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <a href="http://www.cde.ca.gov/fg/aa/lc/">http://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <a href="http://dq.cde.ca.gov/dataquest/">http://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### School Description and Mission Statement (School Year 2018-19)

The Orland Unified School District is dedicated to achieving high standards in curriculum, instruction, performance and personal behavior. It is our goal that each student achieves academic excellence and develops respect for self and others to become contributing members of our culturally diverse society. The responsibility for the development of these qualities in all students is accomplished through a cooperative effort among students, parents, staff, and community. North Valley Continuation High School (NVHS) is a small continuation high school in the Orland Unified School District. The school's enrollment ranges around 15-25 students each school year. North Valley High School is located across the street from the rear of Orland High School, the district's only comprehensive high school. NVHS provides a focused academic learning environment that leads to the pathway of a high school diploma, credit recovery, as well as opportunities for the students to explore post-secondary college and career interests. NVHS uses the PBIS (Positive Behavior Interventions and Supports) framework. Throughout the year we have focused on positive behavior, especially rewarding our students for positive attendance, academic success and positive behavior. Our mission is to maintain an educational facility to ensure that our students develop strong social skills, behavioral skills, and focus on graduating with a high school diploma. The program focuses on meeting the individual needs of each student. Our goal is to maximize learning for all students in ways that meet their academic, post-secondary, and social needs. We strive to create a program which teaches students to become accountable and respectful global citizens.

# A. Conditions of Learning

# **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

#### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

# Year and month in which data were collected: September, 2011

North Valley High School is working on strengthening the curriculum alignment to the Common Core State Standards. We are implementing best practices, increasing informational text, and writing across the curriculum. The school has worked collaboratively to implement meaningful changes in the core curriculum that establish and promote an environment where all students can successfully learn. The NVHS teachers have partnered with the comprehensive high school to ensure that the students are being taught similar material to their peers at the comprehensive school. Additionally, some of the students are working on "i-ready" for reading and math as a supplemental resource to improve their reading levels and math skills. Also, each student has access to a Chromebook so that they can increase their technological literacy and further help prepare them for the 21st Century work world. Depending on each student's instructional needs, the high school students have the opportunity to earn credits through various delivery models. Students are also taking an estimated 50% of their courses online through Edgenuity which is aligned with California's Standards.

# School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe and functional. We are located in three renovated (2008) single-room classroom buildings. We have the main office which consists of two individual offices, meeting space, and a front desk. We have rest rooms that are sufficient and clean in the office as well as both classrooms. We have improved our benches, tables, and shaded areas for outside activity. There is also a new adjoining grass field for outside activities.

## School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

# **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

# CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
Subject	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	0.0	-1	29.0	33.0	48.0	50.0
Mathematics (grades 3-8 and 11)	0.0		15.0	14.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAAs divided by the total number of students who participated in both assessments.

# **CAASPP Test Results in ELA by Student Group**

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## Career Technical Education Programs (School Year 2017-18)

Currently, NVHS does not offer CTE classes. However, students have the opportunity to take classes related to college and career readiness via Edgenuity. Also, NVHS conducts career exploration field trips and presentations.

# C. Engagement

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

#### Opportunities for Parental Involvement (School Year 2018-19)

Parent involvement is an essential component of North Valley Continuation High School. Faculty and Staff strive to increase parent involvement by enhancing school communication with parents and students. The faculty and staff communicate with parents regarding student attendance, academic performance, behavior, and overall student's well-being. The school communicates with parents in various ways such as parent involvement policy and compact, student handbook, orientation meetings, flyers, emails, letters, phone calls, and posting information on the alternative education website. Parents are encouraged to participate in their student's education as much as possible. Parents have access to their child's current grades by using the online "Parent Portal," an online program allowing parents to view the grade books of each of their student's classes as well as attendance, and credit information. The implementation of this program has dramatically improved parental access to student grades and progress towards graduation. The parents have the opportunity to participate in the alternative education Open House, Back to School Night, District Workshops, and other parent involvement events that held within the Orland Unified School District. As a school, we are always continuing to work on increasing parent involvement to ensure the success of the children.

# **State Priority: Pupil Engagement**

# School Safety Plan (School Year 2018-19)

We update our school safety plan, maps, and procedures annually. We conduct earthquake, fire, and intruder drills each semester. The district safety plan includes disaster procedures, procedures for safe entry and exit, procedures for disciplinary incidents, the sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies. Under the direction of the principal, school staff members implement specific school-building security procedures. Also, the district office supports schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance. The Orland Police Department and other first responders have partnered with OUSD to conduct live active shooter simulations. For these simulations, OUSD has opened up the comprehensive high school (OHS) to provide an authentic setting for this annual training. Following this year's simulation, we began discussions with the Orland Police Department to present ALICE Training (Active Last ALICE Training (Active Shooter Response Training) to our staff. Before the February 2018 Board Meeting, we will convene for a Board Workshop with board members, administrators and managers to experience the 'in person' training and simulation following the online learning module. We have installed a state of the art notification and alerting intercom and bell systems district-wide. Our faculty and staff monitor the school grounds before and after school and during breaks.

#### **Professional Development (Most Recent Three Years)**

The district leadership team and site principal work together to implement effective professional developments. The district leadership team and site administrators determine which PD's are hosted based on teacher input and district-wide data collection. Teachers use the modified Wednesday's and after-school time to develop their curriculum, collaborate with other teachers, and participate in professional development workshops. The District provides two optional Professional Development Days for all teachers outside of the instructional student days. This year's Professional Development offerings focused on strengthening literacy skills for students, further deepen teacher work with the Common Core standards by identifying 'priority standards' for grade level mastery, promote instructional technology, and increase student access to computer devices. We offer district-wide training for our staff year round and encourage teachers to attend training and conferences to improve their instructional methods. The NVHS teachers have the opportunity to do professional readings and participate in professional development webinars/conferences/seminars.

16-17 Professional Development offerings continued the development of strategies/information learned in 15-16. Teachers could attend new sessions that depended on their knowledge or retake a session that they felt they needed to. All sessions focused on teachers learning how to provide high-quality lessons. We also attended five 2 hour sessions around English Learners. The focus of those sessions was to look at the new ELD standards, which integrated and designated ELD to align and how to best support our students.

17-18 Professional Development offerings were set to continue our learning in high-quality instruction, supporting our English Learners and the effective use of technology in the classroom. Teachers could attend a full day training about the new ELPAC and the skills needed to perform well on that test; they could attend a full day training on technology (teachers could pick from over twenty 1.5 hr workshops). Banking Days for the year are focusing on more technology sessions and Long Term English Learners supports.

18-19 Staff development time was spent focusing on English Learner needs and strategies, increasing technology use in the in the classroom, along with core curriculum supports. All teachers had the opportunity to participate in a District Wide Technology day where they could choose between several offering every two hours. This allowed them to get specific supports for their areas of interest. Secondary teachers worked two days with Storm Writing and focused on LTEL needs and strategies for improving writing and vocabulary development. There was a follow-up session in December for those interested and time during our District Banking day to further their knowledge on DOK questions. Our elementary teachers had time to work with their core materials in math and ELA. In addition to this, they could get support in GLAD strategies and STEM. District Banking Days were spent looking at EL data and looking at vocabulary development. Additional PD was offered, during the school year, to some teachers in math, science, Illuminate and CAASPP instructional resources.
