## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The Orland Unified School District is dedicated to achieving high standards in curriculum, instruction, performance, and personal behavior. It is our goal that each student achieves academic excellence and develops respect for self and others to become contributing members of our culturally diverse society. The responsibility for the development of these qualities in all students is accomplished through a cooperative effort among students, parents, staff, and the community. North Valley Continuation High School (NVHS) is a small continuation high school in the Orland Unified School District. The school's enrollment ranges from around 25-30 students each school year. North Valley High School is located on Roosevelt Ave, behind Orland High School, the district's only comprehensive high school. NVHS provides a focused academic learning environment that leads to the pathway of a high school diploma, credit recovery, as well as opportunities for the students to explore post-secondary college and career interests. NVHS uses the PBIS (Positive Behavior Interventions and Supports) framework. Throughout the year we have focused on rewarding our students for positive attendance, academic success, and positive behavior. Our mission is to maintain an educational facility to ensure that our students develop strong social skills, behavioral skills, and focus on graduating with a high school diploma. The program focuses on meeting the individual needs of each student. Our goal is to maximize learning for all students in ways that meet their academic, post-secondary, and social needs. We strive to create a program that teaches students to become accountable and respectful global citizens.

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0.0

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

North Valley High School is working on strengthening the curriculum alignment to the Common Core State Standards. We are implementing best practices, increasing informational text, and writing across the curriculum. The school has worked collaboratively to implement meaningful changes in the core curriculum that establish and promote an environment where all students can successfully learn. The NVHS teachers have partnered with the comprehensive high school to ensure that the students are being taught similar material to their peers at the comprehensive school. A recent needs assessment showed all curricular materials are available for all students. In addition, new text materials were purchased that are designed for continuation high school students that are low readability levels but high interest. The students have responded positively to these new materials. Additionally, some of the students are working on "IXL" for reading and math as a supplemental resource to improve their reading levels and math skills. Also, each student has access to a Chromebook so that they can increase their technological literacy and further help prepare them for the 21st Century work world. Depending on each student's instructional needs, the high school students have the opportunity to earn credits through various delivery models. Students are also taking an estimated 25% of their courses online through Acellus which is aligned with California's Standards.

## School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. We are located in three renovated (2008) single-room classroom buildings. We have the main office which consists of two individual offices, meeting space, and a front desk. We have restrooms that are sufficient and clean in the office as well as both classrooms. We have improved our benches, tables, and shaded areas for outside activity. There is also a new adjoining grass field for outside activities.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## 2020-21 Career Technical Education Programs

Currently, NVHS does not offer CTE classes. However, students have the opportunity to take classes related to college and career readiness via Edgenuity. Also, NVHS conducts career exploration field trips and presentations, with three held so far in the Fall, 2019 and another four scheduled for Spring, 2020.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2021-22 Opportunities for Parental Involvement

Parent involvement is an essential component of North Valley Continuation High School. Faculty and Staff strive to increase parent involvement by enhancing school communication with parents and students. The faculty and staff communicate with parents regarding student attendance, academic performance, behavior, and overall student well-being. The school communicates with parents in various ways such as parent involvement policy and compact, student handbook, orientation meetings, emails, letters, phone calls, and posting information on the alternative education website. Parents are encouraged to participate in their student's education as much as possible. Parents have access to their child's current grades by using the online Aeries Parent Portal an online program allowing parents to view the grade books of each of their student's classes as well as attendance, and credit information. The implementation of this program has dramatically improved parental access to student grades and progress towards graduation. Regular parent meetings are held to address any issues the student may be having or upon request. The parents have the opportunity to participate in the alternative education Open House, Back to School Night, District Workshops, and other parent involvement events held within the Orland Unified School District. As a school, we are always continuing to work on increasing parent involvement to ensure the success of the children.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

We update our school safety plan, maps, and procedures annually. We conduct earthquake, fire, and intruder drills each semester. The district safety plan includes disaster procedures, procedures for safe entry and exit, procedures for disciplinary incidents, the sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies. Under the direction of the principal, school staff members implement specific school-building security procedures. Also, the district office supports schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance. The Orland Police Department and other first responders have partnered with OUSD to conduct live active shooter simulations. For these simulations, OUSD has opened up a comprehensive high school (OHS) to provide an authentic setting for this annual training. Training on Run Hide Fight was provided to our staff. The District also just purchased new, digital radio communication devices that are synced to the Orland Inter-Agency Operations to allow for seamless communication with or without power. We have installed a notification and alerting intercom and bell systems district-wide. There are three security cameras located on the campus, which allow us to better observe the campus safety. One, on the north side, by the basketball court, one above the main office door, and one facing the parking lot. These are all monitored by a computer in the principal's office and recorded. Our faculty and staff monitor the school grounds before and after school and during breaks.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## 2020-21 Types of Services Funded

The district provides appropriate funding for NVHS such as core materials, supplies, textbooks, software licenses for specific programs, curriculum, PE equipment, art supplies, technology, and other materials needed to support students. In addition, support personnel is made available on a weekly basis to provide individualized support for students. With Title 1 funds, we purchased a program called IXL. This program assisted in building skills in ELA and Math. First, the student goes through a diagnostic test to become aware of their beginning skill level. Then the student works on the program with activities to build up their skills in ELA and Math. We have also used the money to support career readiness.

## 2019-20 Teacher and Administrative Salaries

## Professional Development

The district leadership team and site principal work together to implement effective professional developments. The district leadership team and site administrators determine which PD's are hosted based on teacher input and district-wide data collection. Teachers use the modified Wednesday's and after-school time to develop their curriculum, collaborate with other teachers, and participate in professional development workshops. The District provides two optional Professional Development Days for all teachers outside of the instructional student days. We offer district-wide training for our staff year round and encourage teachers to attend training and conferences to improve their instructional methods. The NVHS teachers have the opportunity to do professional readings and participate in professional development webinars/conferences/seminars.

All teachers had the opportunity to attend the three full days of professional development in August on a variety of topics including Restorative Justice, Supporting English Learners, Social-Emotional Learning, Academic Instruction Strategies, and Technology in Education. In addition, staff were provided with a full day of training on Trauma Informed Schools and Classrooms in August. Various sessions were put on by local teachers, the Glenn County Office of Education, as well as outside presenters. The Glenn County Office of Education has also been providing training monthly on looking at data and setting goals based on data and identified needs.

OUSD also has 7 "Banking" days throughout the school year to continue to provide learning opportunities for teachers. We also have different focus team groups in the district and many of them plan to attend conferences to deepen their knowledge and gain more usefully strategies to share with their school sites. Due to COVID many of these options have become virtual. The District will continue to support attendance for those who want to participate in available trainings.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
