School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: 2016, October

Reading and Writing

During the 2016-2017 school year, Mill Street School teachers will use the Macmillan/McGraw Hill Language Arts curriculum. In Kindergarten, students are expected to identify and know the sound of every letter of the alphabet and begin to read C-V-C words. By the end of first grade, students should be reading a level 17 book with appropriate fluency and comprehension and be able to write a cohesive paragraph with few errors. When students leave our school at the end of second grade, they are expected to be able to write a two paragraph essay and read small chapter books. Student progress is measured using the curriculum-embedded assessments as well as teacher created district progress assessments.

Math

Using the math adoption of Houghton Mifflin Harcourt GoMath! (purchased in 2016), teachers are building foundational skills in number sense, algebra, measurement and geometry to prepare students for the next year. Student progress is measured using curriculum-based assessments as well as teacher-created assessments that are more aligned with the Common Core Standards and practices.

Science

Houghton Mifflin -Students learn the science standards starting in first grade. The curriculum covers physical, earth, and life sciences. The scientific method of experimentation and investigation is woven through all of our science courses.

Social Science

Pearson- Students learn about citizenship starting in first grade. In second grade, we explore the lives of people who affect our students' everyday lives and learn about extraordinary people from history.

Textbooks

Our language arts, math, ELD, social studies and science curriculum were selected from the SBE approved publisher's list. Each student has access to this curriculum and to his or her own textbook in every curricular area.

School Facility Conditions and Planned Improvements (Most Recent Year)

Overall our facilities are well maintained. The district continues to maintain the facilities, providing upgrades during the summer months and throughout the year. To assist in this effort, the district works with staff and parents as well as uses a Facility Inspection Tool developed by the State of California Office of Public School Construction. The results of this survey are available at the school office, at the district office, or on the Internet at <http://www.orlandusd.net/Schools/Accountability/index.html>.

This school has 27 classrooms, a cafeteria, a library media center, and an administration building. Each classroom is attended to every day and bathrooms are cleaned daily by our custodians. There are three playgrounds. The school site has a security system in place, along with a public address system and bell system. Each classroom is equipped with age-appropriate furnishings. Students are supervised on the playground beginning at 7:30 am, at all recesses, and while waiting to board the buses in the afternoon.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. During the 2008-2009 school year, Hilliard Co was hired to map out a custodial schedule to make sure adequate time was allotted to each campus to ensure cleanliness. During the 2009-2010 year, local bond funds (Measure K), and state matching funds were used to install new air conditioning units for all buildings, install the perimeter fence, and upgrade the playground equipment and flooring. Construction on our new cafeteria was completed in the summer of 2013 and open at the beginning of the 2013-14 school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parent Involvement

Mill Street has an active parent participation component. We have a Parent Club that meets monthly to help the school organize annual events including the school carnival, activity nights, student health fair, and other special events. Many classrooms have a "Room Parent" who organizes parent helpers in and out of the classroom and communicates important classroom information with other parents. Our parents also help teachers supervise students on field trips and with special activities in the classroom. Our parents serve on the ELAC and School Site Council. All parents go through a district screening before they can help in the classroom. Parents can contact the school principal, Lisa Ramirez, at (530) 865-1240 to find out how they can help.

Homework

Our teachers assign homework four days a week. They send home a packet on Monday for students to complete during the week and return on Friday. Many teachers require parents to review and sign the packet each week. Teachers also assign reading for at least 15 minutes per night. We offer homework assistance throughout the school year. Bilingual support is offered in the form of our bilingual services clerk as needed for families who need occasional assistance with homework. We coordinate with the county-run after school program where enrolled students get help completing homework nightly.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16
Suspensions	0.5	1.2	1.1	7.8	6.9	5.6	4.4	3.8	3.7
Expulsions	0.0	0.0	0.0	0.2	0.1	0.0	0.1	0.1	0.1

School Safety Plan (School Year 2016-17)

Our buildings are well maintained and safe. The school social environment is very positive, and the principal, teachers, staff, parents, and students actively work together to ensure everyone's safety. Parents receive a copy of our school rules in the Parent Handbook, and parents, students and teachers sign the Parent Compact at the beginning of each year. We teach the school rules in the classroom and all staff members enforce them uniformly. All classrooms utilize a discipline system including colored cards, earned attendance to rewards assemblies, caught you being good rewards, recess detention, and behavior citations. The principal and staff are alert and attentive to unsafe behavior and actions, and include parents in the resolution.

Emergency action decisions are made through school, district, police and fire personnel. Key elements of the Safe School Plan cover fire, earthquakes, chemical spills, explosion, weapons, bomb threats, and evacuation and relocation procedures. Notification of extreme emergencies are announced by the Principal via an appropriate warning device or written notice. Teachers have action, evacuation, and relocation procedures posted in each classroom. Supervisors, custodians, office personnel and teachers have access to a phone or 2-way radio communication at all times. The school is free of graffiti and vandalism and security checks are regular. Emergency Action Plans are in place and staff and students perform monthly and quarterly emergency/evacuation drills. The school safety plan is updated annually in accordance with Senate Bill 187.

We revise our School Safety Plan yearly to include updated safety procedures. During the summer and early Fall of 2009, new 8 foot fencing was installed around the perimeter of our campus with locked gates, and our playground equipment and flooring were replaced to better serve and protect the students during recess.

Types of Services Funded (Fiscal Year 2015-16)

Mill Street School uses Title I and other state and federal funds to provide staffing, purchase supplemental textbooks, instructional materials, and supplies. All categorical spending is detailed in our Single School Plan for Student Achievement and approved by our Site Council and our Board of Education. In addition, we receive lottery funds to fund site needs and classroom budgets. Various grade levels also hold fund-raisers to pay for class trips, special projects or programs.

Professional Development (Most Recent Three Years)

Built into the school year are seven modified "Banking" school days that allow for teacher professional development. Teachers, in collaboration with the administrator and district, work together at the beginning of the year as a committee to plan the content of these days according to the previous year's assessment data and the school-wide/district professional development goals.

Other major areas of focus for professional development for the year 2016-2017 include the Common Core of our SBE adopted math curriculum "Go Math!", the SBE approved Language Arts series "Treasures", Common Core Standards and instruction, and behavior management strategies. Delivery of this staff development will be by release time to attend workshops during the day or "extra duty" paid hours on weekends and/or vacations. During implementation of this staff development, teachers are supported through in-class coaching, mentor teacher, teacher-principal meetings, and collaboration with their grade level teams.

In addition to the above described "Banking" days, every Wednesday is a "modified" school day where students are released 45 minutes early and teachers meet in their grade level professional learning teams. This collaboration time consists of focused discussions around essential standards, curricular pacing schedules, effective teaching strategies, formative assessment, student achievement data, and student intervention and enrichment groups.
