

Request and Selection of Supplemental Educational Service Providers

Please place a check in the space below to indicate your interest in tutoring services and the choice of the service provider. These approved providers are reasonably available for tutoring your child in the locations noted in either one-on-one settings or small groups. Once a service provider has been determined for your child, you and your child will be notified by the district. Please make every effort for your child to attend all sessions at the times and dates set by the provider. We hope this experience will be pleasant and beneficial for you and your child. If the number of eligible students exceeds the financial resources available, the lowest achieving students from low-income families will receive SES services first. Please return the request form by **January 25, 2010**.
