programs as either direct costs or indirect co	sts. Where an LEA paid abnormal or mass separation costs on behalf of positions in general	
administrative functions included in the indire	ect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

art IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect	

_		
	the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the	
	approved rate was based.	
	Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for	
	use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs,	
	or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than	
	the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.	
	A. Indirect costs incurred in the current year (Part III, Line A8)	2,452,563.36
	B. Carry-forward adjustment from prior year(s)	
	1. Carry-forward adjustment from the second prior year	(489,666.57)
	2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
	C. Carry-forward adjustment for under- or over-recovery in the current year	
	1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect	
	cost rate (4.20%) times Part III, Line B19); zero if negative	393,322.91
	2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of	3
	(approved indirect cost rate (4.20%) times Part III, Line B19) or (the highest rate used to	
	recover costs from any program (9.24%) times Part III, Line B19); zero if positive	0.00
	D. Preliminary carry-forward adjustment (Line C1 or C2)	393,322.91
	E. Optional allocation of negative carry-forward adjustment over more than one year	
	Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which	
	the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that	
	the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more	
	than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
	Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward	
	adjustment is applied to the current year calculation:	not applicable
	Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward	
	adjustment is applied to the current year calculation and the remainder	
	is deferred to one or more future years:	not applicable
	Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward	
	adjustment is applied to the current year calculation and the remainder	
	is deferred to one or more future years:	not applicable
	LEA request for Option 1, Option 2, or Option 3	
		1
	F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if	
	Option 2 or Option 3 is selected)	393,322.91

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements, Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multivear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget,

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
